The difference between stress and burnout. Burnout may be the result of unrelenting stress, but it isn't the same as too much stress. Stress, by and large, involves too much: too many pressures that demand too much of you physically and mentally. However, stressed people can still imagine that if they can just get everything under control, they'll feel better.

Section 7-7 : Types of Infinity. Most students have run across infinity at some point in time prior to a calculus class. However, when they have dealt with it, it was just a symbol used to represent a really, really large positive or really, really large negative number and that was the extent of it.
