The Liblicense Model License, designed to provide a template for libraries negotiating to license digital content, has been updated. The 2014 revision is available on this site on the Model Licenses page.. Increasingly, university and research libraries are being inundated with information that has been created in digital format and transmitted and accessed via computers.

LIBLICENSE

Welcome to the Information Library! The Library contains documents developed by MAT Staff for the Association's members, and links to resources provided by third-parties.

Workshops on the future for libraries in Cambridgeshire. From August to October 2017, we started an informal discussion with library users and community groups on the future for libraries in Cambridgeshire through a series of workshops. To view comments shared with us from our workshops, please see our summary document below.

Library Services: developing our approach for the future

The Adobe® PDF Library software development kit (SDK), available by license, provides unparalleled quality and reliability of proven Adobe PDF technology, allowing third-party developers to support the Adobe Portable Document Format (PDF) within their own standalone applications.

When you search for information, you're going to find lots of it . . . but is it good information? You will have to determine that for yourself, and the CRAAP Test can help. The CRAAP Test is a list of questions to help you evaluate the information you find.

Evaluating Information " Applying the CRAAP Test

Please note one thing first about table 1. The terms Library Skills, Information Skills, and Information Literacy were chosen as convenient labels rather than with regard for their current

Library Skills, Information Skills, and Information

Library and information science (LIS) (sometimes given as the plural library and information sciences) or as "library and information studies" is a merging of library science and information science. The joint term is associated with schools of library and information science (abbreviated to "SLIS"). In the last part of the 1960s, schools of librarianship, which generally developed from ...

A developing country (or a low and middle income country (LMIC), less developed country, less economically developed country (LEDC), or underdeveloped country) is a country with a less developed industrial base and a low Human Development Index (HDI) relative to other countries. However, this definition is not universally agreed upon. There is also no clear agreement on which countries fit ...

Logic Models are a popular tool that can be used to help conceptualize your change effort. It does this by inviting the author(s) to articulate their understanding of the current situation, the changes they hope to bring about through their program effort, with and/or for whom, the activities planned to contribute toward this change, the resources needed to put into the effort, assumptions they ...
