Wildlife photography is a genre of photography concerned with documenting various forms of wildlife in their natural habitat.. As well as requiring photography skills, wildlife photographers may need field craft skills. For example, some animals are difficult to approach and thus a knowledge of the animal's behavior is needed in order to be able to predict its actions.

- This week on The Practicing Photographer, we're here at the Oklahoma Summer Arts Institute at Quartz Mountain. To my right is Paul Taggart, an accomplished photojournalist and an actual graduate of this program when he was a wee teen. Paul, we've just finished two weeks of teaching here and you did something really different this time from how most of us normally work.
