In addition, it attempts to ascertain the scope, power, and resonance of such discourses within the text as proposed by Fairclough (2005).

## **Identity-Forming Discourses: A Critical Discourse Analysis**

The premise is simple: the patterned ways that we collectively think and talkâ€”our discoursesâ€”influence our perceptions, our motivations, our actions, and even our construction of social institutions. In this sense, discourses are like the productive scaffolding, or matrix, of human culture and consciousness.

Discourse, then, can be understood as a type of structure in a Saussurian sense – a fixation of signs in a relational net. But, in contrast to the Saussurian tradition whereby structure covered all signs in a permanent closure, discourse, for Laclau and Mouffe, can never be total in the Saussurian sense.
