This is all super interesting, am curious where this will go! Potential confound: the survey did not just test the susceptibility to the illusion, but also the willingness to (1) believe that something unexpected and interesting could happen, and (2) to try a bit harder and a bit longer to perceive it.

Can We Link Perception And Cognition? | Slate Star Codex

Philip Tetlock, author of Superforecasting, got famous by studying prediction. His first major experiment, the Expert Political Judgment experiment, is frequently cited as saying that top pundits's predictions are no more accurate than a chimp throwing darts at a list of possibilities- although ...
