The United States Constitution requires government spending be approved in bills passed by the United States Congress. Some government functions such as the Federal Reserve System are completely self-funded. Others, like Social Security and Medicare, are partially self-funded but may be subject to administrative shutdowns and failures if the government fails to meet its financial obligations.

Evolution no more disproves the existence of a Creator/designer of this universe than the discovery of gravity did for Newton and Einstein. If your talking about a deistic God then one as the insurmountable problem of the finitude of the past as well as the origin and existence of the laws of science themselves, which are the foundation of evolution.
